- Potatoes
- Apples
- Citrus
- Garlic
- Onions
- Peppers
- Avocados

### PACKING

- Volm Vantage VFFS
- Heat seal closure

### SIZE

1 lb - 8 lb

Ultratech Mesh: A sustainable mesh packaging alternative that uses less material and fossil fuel in production and transportation.

VFFS: Vertical Form Fill and Seal machines and bags are an automated assembly-line product packaging system. A VFFS machine constructs plastic bags out of a flat roll of plastic film while simultaneously filling the bags with product and sealing the filled bags.
