

CLOSEIT® BIO-CLIPS

A greener bag closure is here! Containing 100% USDA-certified biobased content, Bio-Clip is commercially compostable. Bio-Clip is composed of materials derived from plant, marine, or agricultural resources. Worried that going green will require a sacrifice? Don't be! This sturdy clip provides the same quality as our other Closeit Clips and can be applied using most existing produce automation equipment.

FEATURES

- Easy to open, close, and read
- Protects freshness
- Can be pre-printed or printed directly during packaging
- Commercially compostable where services are available
