

ULTRAFRESH™

Volm's Ultrafresh is designed for vertical form, fill and seal equipment. The construction uses laminated labels and Volm's Ultratech® mesh. The unique package offers form rigidity and shelf presence that is unparalleled by similar bag styles.

FEATURES

- High graphics
- Breathability of Ultratech mesh
- Two finger handle header optional
- Replaces other mesh or net carry bags
- Form rigidity vs. similar bag styles
- Matte or gloss finish
- Can be packed as separate mesh and labels or pre-attached mesh and labels
- Automates packing process
- Fast pack speed

COMMON PRODUCTS

- Apples
- Avocados
- Citrus
- Garlic
- Onions
- Peppers
- Potatoes

PACKING

- Volmpack VFFS
- HFFS machines
- Heat seal closure

SIZE

1 lb to 5 lb

Ultratech Mesh: A sustainable mesh packaging alternative that uses less material and fossil fuel in production and transportation.

VFFS: Vertical Form Fill and Seal machine and bags are automated assembly-line product packaging systems. VFFS machines construct plastic bags out of a flat roll of plastic film while simultaneously filling the bags with product and sealing the filled bags.
